## ABILITIES

<i>Shadowmeld</i>	
<b>KW:</b> Magic	<b>Type:</b> Maneuver
<b>Distance:</b> Self	<b>Target:</b> Self
<p><b>Effect:</b> You flatten yourself into a shadow against a wall or floor you are touching, and become hidden from any creature you have cover or concealment from or who isn't observing you.</p> <p>While in shadow form, you have full awareness of your surroundings, and strikes made against you and tests made to search for you take a bane. You can't move or be force moved, and you can't take main actions or maneuvers except to exit this form or to direct creatures under your control, such as one you summon using an ability. Any ability or effect that targets more than 1 square affects you in this form only if it explicitly affects the surface you are flattened against. You can exit this form as a maneuver.</p> <p>If the surface you are flattened against is destroyed, this ability ends and you take 1d6 damage that can't be reduced in any way.</p>	

<i>Stoke the Flame</i>	
<b>KW:</b> Magic, Ranged	<b>Type:</b> Triggered
<b>Distance:</b> Ranged 5	<b>Target:</b> 1 ally

The grab cannot be ended by the grabber.</li> <li>• <b>Eihwaz:</b> If a target of the ability is already bleeding, the ability has an edge on its power roll. Otherwise, one target of the ability is <b>A &lt; average</b> bleeding (EoT).</li> <li>• <b>Thurisaz:</b> If the target's ability kills an enemy, the target can end one condition or effect on them that is ended by a saving throw or that ends at the end of their turn.</li> </ul>	

<i>Put Down Roots</i>	
<b>KW:</b> Area, Magic	<b>Type:</b> Maneuver
<b>Distance:</b> 1 aura	<b>Target:</b> Self
<p><b>Effect:</b> Until the end of your next turn, the ground within the area is difficult terrain for enemies.</p> <p><b>Spend 1+ Spark:</b> For each spark you spend, the aura's size is increased by 1 and your stability is increased by 1 until the end of your next turn.</p>

### Dance Like Embers (3 Spark)

<b>KW:</b> Magic	<b>Type:</b> Maneuver
<b>Distance:</b> Self	<b>Target:</b> Self
<b>Effect:</b> You can teleport twice, each time up to 2 squares. If you are adjacent an enemy, no matter the enemy's size, you can teleport to a space on the opposite side of the enemy as one of the teleports. All 3 squares before and after your teleports count as allies for flanking enemies until the end of your turn.	

### Smoldering Sword (5 Spark)

<b>KW:</b> Magic, Ranged	<b>Type:</b> Main action (Heroic)
<b>Distance:</b> Ranged 5	<b>Target:</b> Special

**Effect:** You summon in an unoccupied space within distance an ethereal flaming sword of size 1S that can't be harmed. The sword lasts until the end of the encounter. Summoning a new smoldering sword dismisses the previous one.

All creatures can move through the sword's space, but enemies who move into or out of the space provoke Opportunity Attacks from you.

When you use a Weapon attack, you can choose to attack from the sword's position. An attack performed in this way temporarily gains the Magic keyword and any untyped damage it deals is instead fire damage.

### Thread the Needle (5 Spark)

<b>KW:</b> Magic	<b>Type:</b> Main action (Heroic)
<b>Distance:</b> Self	<b>Target:</b> Self

**Effect:** Use a signature ability. After you use the ability, you can shift up to your speed (6) and make a melee free strike.

### Flameshade Gloves

**When you use a move action** while wearing these gloves, you can place one hand upon a mundane object as part of that move action. If the object is 1 square thick or less and has open space on the other side (for example, a door or wall), you pull your body through it as though the object wasn't there.

If the object is too thick or has no open space on the other side, your hand becomes stuck inside the object. Removing your hand takes a successful **Hard Might test** made as a main action.
